14. Nomination:

The nomination details should be filled up only by investors who opt for allotment in physical (non-demat) form. However the investor may choose to register different nomination for any of the Accounts under that Folio. For investment made under the Franklin Templeton Family Solutions facility, the nomination can be registered at Goal level. In case of switch which results in creation of a new Account, the nomination, if any, registered in the source (switch-out) account will automatically be registered for the destination (switch-in) account. In case of subscription which results in creation of a new Account, the nomination registered in the last transacted account under that Folio will be automatically registered for the new account. Nomination cannot be registered in Folios/Accounts held in the name of a minor. Where a minor is nominated, the name and address of the guardian of the minor nominee shall be provided by the unit holder(s). Nomination can be made only by individuals applying for/holding units on their own behalf singly or jointly. A new nomination or any change in the nomination already registered with the Mutual Fund/AMC will overwrite the existing nomination registered.

15. Know Your Customer (KYC):

All investors (including joint holders, NRIs, POA holders and guardians in the case of minors) must ensure completion of Know Your Customer (KYC) formalities, failing which the transaction may be rejected. Currently it is mandatory for all investors irrespective amount of investment (including joint holders, NRIs, POA holders and guardians in the case of minors) to submit a copy of the KYC acknowledgement towards completion of Know Your Customers (KYC) policies under the AML Laws.

Central KYC Registry (CKYCR) is a centralized repository of KYC records of customers in the financial sector with uniform KYC norms and inter-usability of the KYC records across the sector with an objective to reduce the burden of producing KYC documents and getting those verified every time when the customer creates a new relationship with a financial entity. With effect from February 1, 2017, individual investors whose KYC is not registered or verified in the KYC Registration Agency (KRA) system should use "CKYC Form". In case such investor provides the old KRA KYC form, additional/missing information must be provided in a "Supplementary CKYC Form". Investors who have already completed Centralised KYC (CKYC) and have a KYC Identification Number (KIN) from CKYCR may quote their 14 digit KIN in the application form. If PAN of such investors is not updated in CKYC system, investors need to submit a self-certified copy of the PAN card.

Applications without such documents and information may be rejected.

- For applications by minors, copy of KYC Acknowledgement of the guardian must be submitted along with the Application / Transaction Form else the application may be rejected
- In case of applications under a Power of Attorney (POA), copy of KYC Acknowledgement of the investors and the POA holders must be submitted along with the Application / Transaction Form else the transaction may be rejected
- In case of subscriptions in scheme where Units are under a lock-in period as prescribed in the respective Scheme Information Documents (including ELSS Schemes) or a New Fund Offer, allotment may be done only on confirmation from the CVL/KRA that the KYC is final and if the CVL/KRA informs that the KYC is cancelled, the original amount invested may be refunded.
- In case of any transactions where the KYC formalities are completed for the investors in the folio, and a change of address is also requested, the transaction will be processed based on the current data available in the AMC / RTA records and the change of address will be rejected. Changes of address can only be registered through updation of KYC records via CKYC & KRA.
- As per the SEBI guidelines, the investors need to complete the In Person Verification (IPV) as part of the KYC requirements. Politically Exposed Persons (PEP) are defined as individuals who are or have been entrusted with prominent public functions in a foreign country, e.g., Heads of States or of Governments, senior politicians, senior Government / judicial/ military officers, senior executives of state owned corporations, important political party officials, etc. or any senior political figures and their immediate family members and close associates.

In the event of any KYC Application being subsequently rejected for lack of information / deficiency / insufficiency of mandatory documentation, the investment transaction may be cancelled and the amount may be redeemed at applicable NAV, subject to payment of exit load, wherever applicable. Such redemption proceeds will be dispatched within a maximum period of 21 days from date of acceptance of application. In case of subscriptions in scheme where Units are under a lock-in period as prescribed in the respective Scheme Information Documents (including ELSS Schemes) or a New Fund Offer, allotment may be done only on confirmation from the central agency that the KYC is final and if the central agency informs that the KYC is cancelled, the original amount invested may be refunded.

For Investors who have submitted their KYC acknowledgement, changes as listed below must be requested through updation of KYC records.

- Change of address
- Name change

- Change of social status
- Any other information provided in KYC form

Any direct requests for the above for folios where the KYC acknowledgement is registered with us will be rejected. The address for a folio will be the 1st holder's/1st Guardian's address for communication. This address will be printed in the account statement and considered for all other communications.

Change of Address for investors who have submitted their KYC acknowledgement with us will be effected into all folios where the investor is the first holder or 1st guardian. If the investor has not registered their KYC acknowledgement with us, the change of address request will be effected only for the particular folio(s) requested by the investor. Such request needs to be accompanied with the proof of address and proof of identity. If PAN is updated and verified in our records, only PAN card copy would be accepted as proof of identity. If PAN is not updated and verified in our records, PAN card copy or any other proof of identity (bearing photo) is acceptable. When investors submit their KYC acknowledgement for an existing folio, all existing details of the holder(s) will be overwritten with the details available in the records of CVL.

20. As per SEBI circular No. SEBI/IMD/Cir-10/22701/03 dated December 12, 2003 read with Circular No. SEBI/IMD/Cir-1/42529/05 dated June 14, 2005, each portfolio under a scheme should have a minimum of 20 investors and no single investor should account for more than 25% of the corpus of such portfolio. Determining the breach of the 25% limit by an Investor – The average net assets of the scheme would be calculated daily and any breach of the 25% holding limit by an investor would be determined. At the end of the quarter, the average of daily holding by each such investor is computed to determine whether that investor has breached the 25% limit over the quarter. If there is a breach of limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. In each calendar quarter, on an average basis, each portfolio under an open end scheme shall meet with the above condition of minimum 20 investors, failing which the provisions of Regulation 39(2)(c) of SEBI (Mutual Funds) Regulations, 1996 would become applicable automatically without any reference from SEBI and accordingly, the portfolio shall be wound up by following the guidelines laid down by SEBI.

21. Investors can avail online Account Access and full transaction capabilities, on our website www.franklintempletonindia.com. The HPIN Facility is currently available to all individual and non-individual investors other than those transacting through Channel Partners, on FTMF's website for all schemes for subscription, redemption or exchange. Investors can also tag together, and view from a single location, all their accounts (with the same order of names and mode of holding). In addition, a family access facility allows investors to consolidate holdings across investors if they desire. HPIN application forms are available for download from the website, or by sending an email to service@franklintempleton.com. On receipt and verification of the form, investors will be issued an HPIN – using this, investors must create a username and password to access the site. For performing transactions through the HPIN facility, investors are required to furnish verified PAN, failing which the facility may be restricted to a "View Only" facility. For investor transacting through Channel Partners only "View" facility is available under HPIN. Further this facility is not available for investors holding units in demat form.

Franklin Templeton has also introduced a facility for distributors to view their client accounts or transact on the web on behalf of their clients. Transaction can be effected provided the client has authorized the distributor by executing a Power of Attorney (PoA) in favour of the distributor for this purpose. The Power of Attorney must be submitted to the Fund before performing any transactions via the website.

22. Payment through electronic modes

- The redemption proceeds or dividend may be paid through various modes of electronic payments such as ECS / RTGS / NEFT / Direct Credit. Payment through RTGS can only be made

- Investors are requested to provide their bank's IFSC codes for RTGS/NEFT and MICR code for ECS. Investors need to provide a copy of cheque leaf (where the IFSC/MICR code is printed) or banker's confirmation for verification of the codes.
- Investors are requested to note that IFSC codes for RTGS and NEFT may be different for the same bank branch. Please contact your bank for the details of the same.
- Where the requisite information pertaining to the unit holder's bank account is available with FTMF, the Mutual Fund / AMC may, at its discretion, endeavour to credit the redemption proceeds / dividend directly to the Unit holder's bank account instead of issuing a payment instrument. Similarly, the Mutual Fund / AMC, also reserves the right to issue a payment instrument despite of an investor opting for Electronic Payout.
- The Fund, Trustee or the AMC will not be responsible for any delay / non-receipt of electronic payment where it is attributable to any incorrect/incomplete information provided by the investor. RTGS / NEFT / ECS are facilities offered by Reserve Bank of India (RBI), for facilitating better customer service by electronic payment of dividend/redemption to an investor's bank account. This helps in avoiding loss of dividend/redemption warrant in transit or fraudulent encashment. Payments made through ECS/RTGS/NEFT are subject to applicable rules and policies of RBI and the working of banking system. It may be noted that there is no commitment from the Mutual Fund that this facility will be made available to the Unit holders for payment of dividend/redemption proceeds.

Third Party Payment Rules

In order to enhance compliance with Know your Customer (KYC) norms under the Prevention of Money Laundering Act, 2002 (PMLA) and to mitigate the risks associated with acceptance of third party payments, Association of Mutual Funds of India (AMFI) issued best practice guidelines on "Risk mitigation process against Third party instruments and other payment modes for mutual fund subscriptions". AMFI has issued the said best practice guidelines requiring mutual funds/asset management companies to ensure that Third-Party payments are not used for mutual fund subscriptions.

- (b) "Third Party" means any person making payment towards subscription of Units in the name of the Beneficial Investor.
- (c) "Third Party payment" is referred to as a payment made through instruments issued from a bank account other than that of the Beneficiary Investor. It is clarified that in case of payments from a joint bank account, the first holder of the mutual fund folio has to be one of the joint holders of the bank account from which payment is made.

2. The AMC shall not accept subscriptions with Third Party payment instruments in the Scheme, except in cases of

- a. In case of investment in the name of a minor, payment by Parents / Grand- Parents / related persons (other than the person registered as Guardian in the minor's Folio) on behalf of a minor in consideration of natural love and affection or as gift for a value not exceeding Rs.50,000/- (each regular purchase or per SIP instalment);
- b. In case of investment in the name of a minor, payment by the person registered as Guardian in the minor's Folio irrespective the amount of investment;
- c. Payment by Employer on behalf of employee for lump sum/one-time subscription or under SIP through Payroll deductions or deductions out of expense reimbursement;
- d. Payment by Employer towards subscription in the name of employees as bonus/incentive paid in form of mutual fund units;
- e. Custodian on behalf of an FII or a client.
- f. Payment by Asset Management Company to a Distributor empanelled with it on account of commission/incentive etc. in the form of the Mutual Fund Units of the Funds managed by such AMC through Systematic Investment Plans or lump sum / one-time subscription, subject to compliance with SEBI Regulations and Guidelines issued by AMFI, from time to time;
- g. Payment by Corporate to its Agent/ Distributor/ Dealer (similar arrangement with Principal-agent relationship), on account of commission/incentive payable for sale of its goods/services in form of mutual fund units through SIP or lump sum/one-time subscription.

3. The investors making an application under the exception cases mentioned above need to submit such declarations and other documents / information as may be prescribed by the AMC from time to time, without which applications for subscriptions for units will be rejected / not processed / refunded.

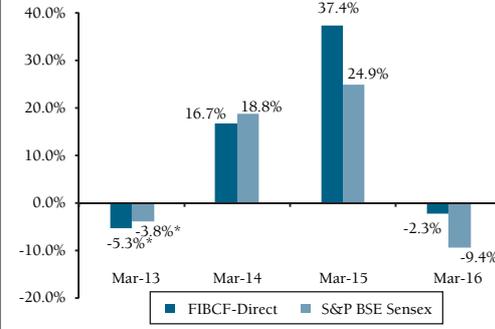

4. KYC is mandatory for all investors (guardian in case of minor) and the person making the payment i.e. third party.

The above mentioned Third Party Payment Rules are subject to change from time to time.

Risk Profile of the Schemes

Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below:

Different types of securities in which the scheme would invest carry different levels and types of risks. Accordingly the scheme's risk may increase or decrease depending upon its investment pattern.

Trading volumes, settlement periods and transfer procedures may restrict liquidity of investments in equity and equity-related securities.

In case of investments in foreign securities, there may be risks associated with currency movements, restrictions on repatriation and transaction procedures in overseas market as well as country related risks.

Performance of the relevant index will have a direct bearing on the performance of the index schemes. Tracking errors are inherent in any indexed fund and such errors may cause the scheme to generate returns, which are not in line with the performance of the relevant index or one or more securities covered by/included in the relevant index.

In case of sector funds, the schemes would primarily invest in the respective industry / sector thereby restricting the diversification of the scheme. Therefore, the performance of the scheme would be dependent upon the performance and market price movements of companies in the said industry/sector. Hence, movements in the

NAV of the schemes would be more volatile compared to the NAV of a scheme with a more diversified portfolio. In case of FBIF, the investments under the scheme are oriented towards equity and equity linked instruments of companies engaged in the infrastructure related activities and hence will be affected by risks associated with the infrastructure industries. The performance of the Scheme would be dependent upon the performance and market price movements of companies in the infrastructure industry. Amongst the infrastructure industries as mentioned under the investment strategy, the majority of the equity/equity linked investments could be concentrated under a single or a few sectors.

While mid cap and small cap stocks give one an opportunity to go beyond the usual large blue chip stocks and present possible higher capital appreciation, it is important to note that mid/small cap stocks can be riskier and more volatile on a relative basis. Therefore, the risk levels of investing in small cap and mid cap stocks is more than investing in stocks of large well-established companies. Please note that over a time these two categories have demonstrated different levels of volatility and Investment returns. And it is important to note that generally, no one class consistently outperforms the others. While smaller and medium size companies may offer substantial opportunities for capital appreciation, they also involve substantial risks.

Historically, these companies have been more volatile in price than larger company securities, especially over the short term. Among the reasons for the greater price volatility are the less certain growth prospects of smaller companies, the lower degree of liquidity in the markets for such securities, and the greater sensitivity of smaller companies to changing economic conditions. Smaller companies carries large amount of liquidity risk compared to the Large Cap companies, as the ability to sell is limited by overall trading volume in the securities, which it invests.

In addition, smaller companies may lack depth of management, be unable to generate funds necessary for growth or development, or be developing or marketing new products or services for which markets are not yet established and may never become established.

They could also suffer from disadvantages such as – outdated technologies, lack of bargaining power with suppliers, low entry barriers and inadequate management depth. Overall, the risks of investing in medium / small companies are (a) transparency/liquidity levels may not be on par with established, large companies; (b) corporate governance may be an issue with some companies; and (c) they may not be resilient enough to withstand shocks of business/economic cycles. FIF-FUSOF & FIF-FEGF may not be able to mirror the performance of underlying overseas fund(s) due to various reasons such as currency difference between FIF-FUSOF & FIF-FEGF and underlying fund, daily revaluation of foreign exchange in FIF-FUSOF & FIF-FEGF for the portfolio valuation, entire assets of FIF-FUSOF & FIF-FEGF may not be invested in underlying fund, the amount payable/receivable on settlement date would be different as compared to the amount payable/receivable on the trade confirmation date of the investment in the FIF-FUSOF & FIF-FEGF/ underlying fund due to foreign exchange movement, difference in the date of allotment of units in FIF-FUSOF & FIF-FEGF and the investment by FIF-FUSOF & FIF-FEGF into the underlying fund etc.

Investments in the Fund of Funds schemes will have all the risks associated with the underlying funds including liquidity risks. Any change in the investment policies or fundamental attributes of the underlying funds will affect the performance of Fund of Funds.

Movements in the Net Asset Value (NAV) of the underlying funds would impact the performance of Fund of Funds. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of FIMAS' investments in Gold Exchange

Traded Fund schemes (Gold ETFs).

Investments in debt instruments are subject to various risks such as credit/default risk, interest rate risk, reinvestment risk, liquidity risk etc. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds which are AAA rated are comparatively less risky than bonds which are AA rated.

Credit risk: This refers to the risk that an issuer of a fixed income security may default (i.e. will be unable to make timely principal and interest payments on the security).

Interest rate risk: This risk results from changes in demand and supply for money and other macroeconomic factors and creates price changes in the value of debt instruments. Consequently, the NAV of the scheme may be subject to fluctuation. Prices of long term securities generally fluctuate more in response to interest rate changes than do short-term securities. This may expose the schemes to possible capital erosion.

Liquidity Risk: This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM). Liquidity risk is today characteristic of the Indian fixed income market.

Market risk: This risk arises due to price volatility due to such factors as interest sensitivity, market perception or the credit worthiness of the issuer and general market liquidity, change in interest rate expectations and liquidity flows. Market risk is a risk which is inherent to investments in securities. This may expose the schemes to possible capital erosion.

Reinvestment risk: This risk refers to the interest rate levels at which cash flows received for the securities in the Scheme is reinvested. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed. Different types of Securitised Debts in which the scheme would invest carry different levels and types of risks. Presently, secondary market for securitised papers is not very liquid. There is no assurance that a deep secondary market will develop for such securities. Money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the scheme.

Derivatives are high risk, high return instruments. A small price movement in the underlying security could have a large impact on their value and may also result in a loss.

The tax benefits available under the ELSS and other tax saving schemes are as available under the present taxation laws and are available only to certain specified categories of investors and that is subject to fulfilment of the relevant conditions. In view of the individual nature of tax consequences, each Investor/ Unit holder is advised to consult his/her own professional tax advisor. The Trustee, AMC, their directors or their employees shall not be liable

for any of the tax consequences that may arise, in the event that the Scheme is wound up before the completion of the lock-in period. Investors are requested to review the prospectus carefully and obtain expert professional advice with regard to specific legal, tax and financial implications of the investment/participation in the scheme.

Regional Market risk: Funds investing in a single region are subject to higher concentration risk and potentially greater volatility compared to funds following a more diversified policy.

Eurozone risk (FIF-FEGF): Mounting sovereign debt burdens and slowing economic growth among European countries, combined with uncertainties in European financial markets, including feared or actual failures in the banking system and the possible break-up of the Eurozone and Euro currency, may adversely affect interest rates and the prices of both fixed income and equity securities across Europe and potentially other markets as well. These events may increase volatility, liquidity and currency risks associated with investments in Europe. In any event of the break-up of the Eurozone or Euro currency, the relevant funds may be exposed to additional operational or performance risks. While the European governments, the European Central Bank, and other authorities are undertaking economic reforms and other measures to address the current fiscal conditions, these measures may not have the desired effect and therefore the future stability and growth of Europe is uncertain. The performance and value of the fund may be adversely affected, should there be any adverse credit events. There is no assurance or guarantee that the objectives of the scheme will be achieved. The past performance of the mutual funds managed by the Franklin Templeton Group and its affiliates is not necessarily indicative of future performance of the scheme.

Risk Mitigation Factors:

Equity

Liquidity Risk: The fund will try to maintain a proper asset liability match to ensure redemption payments are made on time and not affected by illiquidity of the underlying stocks. FISC will endeavour to invest in a mix of Smaller Companies and Other Companies stocks (as defined in the asset allocation) and also try to maintain a portion of investments in cash & liquid assets.

Concentration Risk: Except in case of sector funds and FBIF, the schemes will endeavour to have a well-diversified equity portfolio comprising stocks across various sectors of the economy. This would aid in managing concentration risk and sector-specific risks. Generally, diversification across market

cap segments also aids in managing volatility and ensuring adequate liquidity at all times. **Derivatives Risk:** The fund will endeavour to maintain adequate controls to monitor the derivatives transactions entered into.

Debt

Interest Rate Risk: The Fund seeks to mitigate this risk by keeping the maturity of the schemes in line with the interest rate expectations.

Credit Risk or default risk: The Fund will endeavour to minimise Credit/Default risk by primarily investing in medium-high investment grade fixed income securities rated by SEBI registered credit rating agencies. Historical default rates for investment grade securities (BBB and above) have been low.

Reinvestment Risk: Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value. The schemes may take positions in interest rate derivatives to hedge market/interest rate risks.

Liquidity or Marketability Risk: The fund will endeavour to minimise liquidity risk by investing in securities having a liquid market.

Dividend Policy

Dividends are distributed based on the availability of adequate distributable surplus in the scheme. The Trustee may, at its sole discretion declare dividends in the fund at any time. Although there is every intention to declare dividend in Dividend Plan/Option, there is no assurance or guarantee as to the frequency or quantum of dividends nor that would the dividends be regularly paid.

No Load on Bonus/Dividend Reinvestment: No entry and exit load shall be charged on bonus units or units allotted on reinvestment of dividend.

The Scheme shall mail/e-mail (if an e-mail address is provided with the consent of the Unit holder) to all unit holders or publish, by way of an advertisement, in one English daily circulating in the whole of India and in a newspaper published in the language of the region where the head office of the Mutual Fund is situated the complete scheme portfolio before the expiry of one month of the close of each half year i.e., 31st March and 30th September. These shall also be displayed on the website of the Mutual Fund and that of AMFI.

Additionally, in accordance with SEBI circular no. CIR/MD/DF/21/2012 dated September 13, 2012, the Mutual Fund shall disclose the scheme portfolios as on the last day of the month on its website on or before the tenth day of the succeeding month.

Prevention of Money Laundering

In terms of the Prevention of Money Laundering Act, 2002, the Rules / guidelines/circulars issued there under (AML Laws), Mutual Funds are required to formulate and implement a client identification programme, to collect, verify and maintain the record of identity and address(es) of investors. It is mandatory for all investors (including joint holders, NRIs, POA holders and guardians in the case of minors) to furnish such documents and information as may be required to comply with the Know Your Customers (KYC) policies under the AML Laws. Applications without such documents and information may be rejected.

Submission of PAN:

In terms of SEBI circulars dated April 27, 2007, April 03, 2008 and June 30, 2008 read with SEBI letter dated June 25, 2007,

Permanent Account Number (PAN) would be the sole identification number for all participants transacting in the securities market, irrespective of the amount of transaction, except (a) investors residing in the state of Sikkim; (b) Central Government, State Government, and the officials appointed by the courts e.g. Official liquidator, Court receiver etc. (under the category of Government) and (c) investors participating only in micro-pension. SEBI, in its letter dated July 24, 2012 has conveyed that investments in mutual fund schemes [including investments through Systematic Investment Plan (SIP)] of up to Rs.50,000/- per year per investor shall be exempted from the requirement of PAN.

Accordingly, where the aggregate of lump sum investment (fresh purchase and additional purchase) and SIPs where the aggregate of instalments in a rolling 12 month period or in a financial year i.e. April to March does not exceed Rs.50,000/- (referred to as "Micro investment"), it shall be exempt from the requirement of PAN.

However, a duly verified/attested copy of such document(s) as may be prescribed by the AMC/Trustee from time to time, needs to be submitted as the proof of identification in lieu of PAN Card copy. This exemption will be available only to Micro investment made by individuals being Indian citizens (including NRIs, joint holders, minors acting through guardian and sole proprietary firms). PIOs, HUFs, QFIs and other categories of investors will not be eligible for this exemption.

For the purpose of identifying Micro investment, applications shall be aggregated at the investor level (same sole holder/joint holders in the same sequence) and such aggregation shall be done irrespective of the number of folios / accounts under which the investor is investing and irrespective of source of funds, mode, location and time of application and payment.

Thus, submission of PAN is mandatory for all existing as well as prospective investors (including all joint applicants/holders, guardians in case of minors, POA holders and NRIs but except for the categories mentioned above) for investing with mutual funds. Investors are required to register their PAN with the Mutual Fund by providing the PAN card copy. All investments without PAN (for all holders, including Guardians and POA holders) are liable to be rejected.

All investments in Franklin Templeton Mutual Fund need to comply with the PAN and KYC requirements as stated above, failing which the applications are liable to be rejected. It is clarified that all categories of investors seeking exemption from PAN still need to complete the KYC requirements stipulated by the AMC/Trustee from time to time, irrespective of the amount of investment.

All investments in Franklin Templeton Mutual Fund need to comply with the PAN and KYC requirements as noted above.

SMS facility:

Investors of Franklin Templeton Mutual Fund (FTMF) can transact in all the schemes of FTMF (except Franklin India Pension Plan and Franklin India Government Securities Fund - PF Plan) through SMS. In order to avail this facility, the Unitholder(s) should submit this SMS transactions registration form along with NACH registration form at the nearest Franklin Templeton branch or investor service centres. This facility shall be available subject to the terms and conditions as detailed in the SMS transactions registration form.

Non acceptance of Third Party payment

The AMC shall not accept subscriptions with Third Party payment instruments in the Scheme, except in cases of (a) In case of investment in the name of a minor, payment by Parents / Grand- Parents / related persons (other than the person registered as Guardian in the minor's Folio) on behalf of a minor in consideration of natural love and affection or as gift for a value not exceeding Rs.50,000/- (each regular purchase or per SIP instalment); (b) In case of investment in the name of a minor, payment by the person registered as Guardian in the minor's Folio irrespective of the amount of investment; (c) Payment by Employer on behalf of employee for lump sum/one-time subscription or under SIP through Payroll deductions or deductions out of expense reimbursement; (d) Custodian on behalf of an FII or a client. (e) Payment by Asset Management Company to a Distributor empanelled with it on account of commission/incentive etc. in the form of the Mutual Fund Units of the Funds managed by such AMC through Systematic Investment Plans or lump sum / one-time subscription, subject to compliance with SEBI Regulations and Guidelines issued by AMFI, from time to time; (f) Payment by Corporate to its Agent/ Distributor/ Dealer (similar arrangement with Principal-agent relationship), on account of commission/ incentive payable for sale of its goods/services in form of mutual fund units through SIP or lump sum/ one-time subscription. For this purpose Third Party payment shall mean payment made through instruments issued from an account other than that of the beneficiary investor. It is clarified that in case of payments from a joint bank account, the first holder of the mutual fund folio has to be one of the joint holders of the bank account from which payment is made. The investors making an application under the exception cases mentioned above need to submit such declarations and other documents/ information as may be prescribed by the AMC from time to time.
